I can't remember when I was in as good physical condition as now and it's the first time since I was a child that I could eat without suffering afterwards. My appetite is splendid and I can eat just anything I want and enjoy it, and I know if my food did not agree with me I could never have gained so much in weight. I sleep well every night now and Tanlac health in the strength. sleep well every night now and Tan-iac has built up my strength until I can do my work without getting the least bit tired. I now recommend Tanlac to everybody, because of what it has done for me and I'm buying a bottle now for a friend of mine for I believe it is just what she
